

Glass Fiber Reinforced Polymer

Sculpted Play Elements Catalog

Design

PLAYTIME sees design as strategy in action, focused on results. Our in-house design experts have extensive experience working with landscape architects and outdoor environments. We have designed projects of all themes and styles – with realistic, natural looking attributes; abstract shapes and stylized objects; or whimsical, brightly colored creatures with animated features.

Active Play

Children need regular, vigorous, physical activity to develop and grow properly. PLAYTIME’s inventive outdoor play elements provide activities that incorporate many different skills through a variety of forms within safe, stimulating environments.

Safety

PLAYTIME’s outdoor play products are made of extremely durable, UV-stable and fade resistant materials that withstand daily wear and tear while maintaining its easy-to clean qualities. This product meets all product requirements of ASTM F-1487- Standard Consumer Safety Performance Specification for Playground Equipment for Public Use, CPSC, and CSA compliant.

PLAYTIME DESIGN PROCESS	
STEP 1	Request a design or concept based on photos, sketches or an idea
STEP 2	PLAYTIME provides conceptual sketches and designs
STEP 3	PLAYTIME converts your vision into reality through DWG, 3DS and PDF files
STEP 4	Order custom elements through PLAYTIME to be shipped at 8-12 weeks

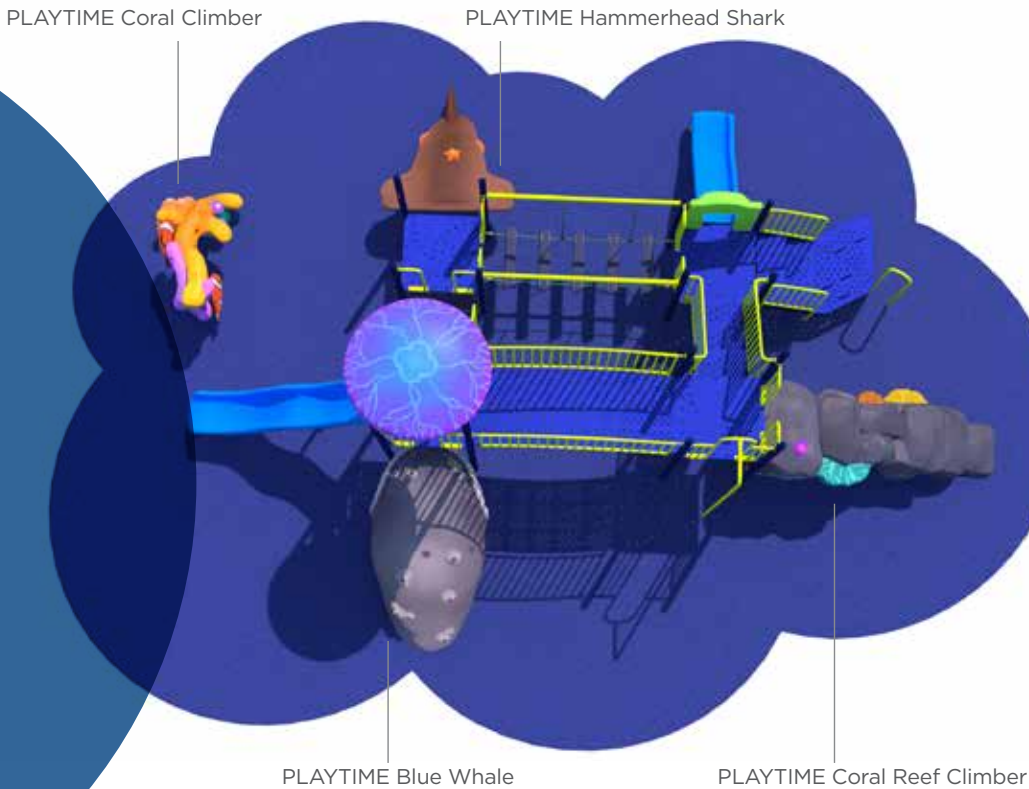

Glass Fiber Reinforced Polymer (GFRP)

GFRP provides a fun, durable and versatile way to add a theme to your outdoor play system. Easy to clean and maintain, GFRP construction is very strong and is able to withstand more than two tons of pressure per square inch. Each component is hand painted and the vibrant colors are UV stable and fade resistant. All GFRP products are designed to meet or exceed applicable ASTM and CPSC Playground Safety Standards and comply with applicable DOJ ADA regulations.

- Creative way to theme your play system and create imaginative outdoor play
- Renovate current playground systems with innovative elements that are functional and aesthetically pleasing
- Hand sculpted and individually painted to create an unmatched visual experience
- Easy to install, in-ground or surface mounted
- Light weight, no concrete pad or heavy equipment necessary
- Over 1000 designs to choose from

PLAYTIME’s GFRP elements can easily be added to Little Tikes play structures to create a one-of-a-kind destination playground.

You Dream It, We Build It

Whether your dream is a spring rider, photo-op element, play element, deck climber, or theming—our world-class team of in-house designers will work with you to bring it to life! Please contact your local PLAYTIME representative or call 303.662.0302 to explore our entire design database or create a one of a kind element.

GFRP Frequently Asked Questions

Does PLAYTIME only create 'Cartoony' play elements?

Our Cartoon style is only one of several different design styles we offer. We also offer Whimsical, Semi-Realistic, Stylized, and Abstract play elements.

What is your lead-time?

Our 21 standard elements, which are inventoried in Monett and Lewisburg, will have a lead-time of 1-2 weeks. A play element from our design library will have a lead-time of approximately 8 weeks and a custom play element will require a 10 week lead time.

What is GFRP

GFRP stands for Glass Fiber Reinforced Polymer. It is a non-porous material, which prevents chipping and cracking and allows it to withstand extreme weather conditions. Additionally, its low weight of 2 to 4 pounds per square foot means faster installation and lower shipping costs. While it is lightweight, it still maintains similar tensile strength to steel.

Does your paint fade from sun exposure?

Our industrial topcoat is UV-stable and fade resistant.

Can you create custom play elements?

Yes, our in-house designers can work with you to bring your vision to life. Virtually any shape or form can be sculpted and painted by our talented production team.

Do you only create standalone play elements?

No, our GFRP elements can function as freestanding play elements, deck climbers, and theming (i.e. post toppers and wraps).

How are your items installed?

For outdoor use, our items are typically installed by either footer mount (usually 4 footers per item) or surface mount.

What is the Warranty?

We offer a 5-year warranty for our GFRP items.

Indoor Play

Bring the fun indoors with sculpted soft foam elements, contained play structures, and digital play. PLAYTIME is a 100% turnkey solution and will work with you through the entire process from the design phase to installation. Contact your local PLAYTIME representative or call 303.662.0302 to learn more about PLAYTIME's indoor capabilities.

Water Play

PLAYTIME offers a variety of fun and safe water play options that are the perfect additions for any pool or water park. Contact your local PLAYTIME representative or call 303.662.0302 to learn more about PLAYTIME's water capabilities
